SECTION V

MINERAL PRODUCTS

Chapter 25

Salt; sulphur; earths and stone; plastering materials, lime and cement

Notes

1. Except where their context or Note 4 to this Chapter otherwise requires, the headings of this Chapter cover only products which are in the crude state or which have been washed (even with chemical substances eliminating the impurities without changing the structure of the product), crushed, ground, powdered, levigated, sifted, screened, concentrated by flotation, magnetic separation or other mechanical or physical processes (except crystallisation), but not products that have been roasted, calcined, obtained by mixing or subjected to processing beyond that mentioned in each heading.

The products of this Chapter may contain an added anti-dusting agent, provided that such addition does not render the product particularly suitable for specific use rather than for general use.

- 2. This Chapter does not cover:
 - (a) sublimed sulphur, precipitated sulphur and colloidal sulphur (heading 2802);
- (b) earth colours containing 70% or more by weight of combined iron evaluated at Fe_2O_3 (heading 2821);
 - (c) medicaments and other products of Chapter 30;
 - (d) perfumery, cosmetic or toilet preparations (Chapter 33);
- (e) setts, curbstones and flagstones (heading 6801); mosaic cubes or the like (heading 6802); roofing, facing or damp course slates (heading 6803);
 - (f) precious or semi-precious stones (heading 7102 or 7103);
- (g) cultured crystals (other than optical elements) weighing not less than 2.5 g each, of sodium chloride or of magnesium oxide, of heading 3824; optical elements of sodium chloride or of magnesium oxide (heading 9001);
 - (h) billiard chalks (heading 9504); or
 - (ij) writing or drawing chalks and tailors' chalks (heading 9609).
- 3. Any products classifiable in heading 2517 and any other heading of this Chapter are to be classified in heading 2517.
- 4. Heading 2530 applies, *inter alia*, to : vermiculite, perlite and chlorites, unexpanded; earth colours, whether or not calcined or mixed together; natural micaceous iron oxides; meerschaum (whether or not in polished pieces); amber; agglomerated meerschaum and agglomerated amber, in plates, rods, sticks or similar forms, not worked after moulding; jet; strontianite (whether or not calcined), other than strontium oxide; broken pieces of pottery, brick or concrete.
- 5. In relation to marble slabs of heading 2515, if a manufacturer clears irregularly shaped marbles, he shall have the option to discharge the duty on the slabs by treating one cubic metre of marble blocks as

equivalent to 30 square metres of marble slabs, the volume of the blocks being determined with reference to the maximum length, width and height of the block.

6. In relation to products of heading 2515 and 2516, the process of cutting or sawing or sizing or any other process, for converting of stone blocks into slabs or tiles, shall amount to "manufacture".

SUPPLEMENTARY NOTE

In heading 2523, "sagol" means cement obtained by heating limestone and burnt coal in a kiln; and "ashmoh" means cement obtained by fine grinding of paddy husk, ash and hydrated lime with an additive.

Tariff Item	Description of goods	Unit	Rate of duty
(1)	(2)	(3)	(4)
2501	SALT (INCLUDING TABLE SALT AND DENATURED SALT) AND PURE SODIUM CHLORIDE, WHETHER OR NOT IN AQUEOUS SOLUTION OR CONTAINING ADDED ANTI-CAKING OR FREE FLOWING AGENTS; SEA WATER		
2501 00	- Salt (including table salt and denatured salt) and pure sodium chloride, whether or not in aqueous solution or containing added anti-caking or free flowing agents; Sea water:

EXEMPTION NOTIFICATIONS

Exemption to Cement Cleared from the factory in bulk for packing into HDPE bags or polypropylene bags or paper bags:

In exercise of the powers conferred by sub-section (1) of section 5A of the Central Excise Act, 1944 (1 of 1944), the Central Government, being satisfied that it is necessary in the public interest so to do, hereby **exempts cement** falling under heading 2523 29 of the First Schedule to the Central Excise Tariff Act, 1985 (5 of 1986), **cleared** from the factory **in bulk for packing into HDPE bags, poly propylene bags or paper bags** (hereinafter referred to as bags), at a place other than the said factory, from so much of the duty of excise specified thereon under the said First Schedule, **as is in excess of Rs.382 per metric tonne**, subject to the following conditions, namely:-

- (i) the manufacturer declares to the Assistant Commissioner of Central Excise having jurisdiction over the factory, the location and address of the bagging plant;
- (ii) the manufacturer maintains an account of the quantity of cement cleared in bulk from the factory, the quantity of the cement received at the declared bagging plant, and the cement cleared in bags from the bagging plant thereafter;
- (iii) the manufacturer shall maintain such other records as may be considered necessary in this regard by the Assistant Commissioner of Central Excise having jurisdiction over the factory;
- (iv) within five days of the close of each month, the manufacturer shall furnish a statement, duly certified by the manager in charge of the bagging plant, to the Assistant Commissioner of Central Excise having jurisidiction over the factory, indicating the quantity of cement received in bulk for the purpose of packing in bags and the actual quantity of cement packed in bags in such proforma as may be specified by the said Assistant Commissioner.
