12	DGSTX/R/2019/50383	Pallav Goel	REQUEST TRANSFERRED TO OTHER PUBLIC AUTHORITY (As On 16/12/2019)	Subject: Query regarding Table-5 and Table-7 of FORM GSTR-1 Sir/Madam, As per Instruction No - 4(i) and 4(ii) of Appendix-1, it can be understood that: (i) All Inter-State B to C supplies, where invoice value is more than the Rs. 2,50,000/- should be uploaded in Table 5. (ii) All B to C supplies (whether inter-State or intra-State) where invoice value is up to Rs. 2,50,000/-, should be uploaded in Table 7. But it is not clearly defined that in which Table, we should upload the Intra-State B to C supplies, where invoice value is more than Rs. 2,50,000/-. Also, As per Instruction No - 12(ii), 12(iv) and 12(v) of Appendix-1, it can be understood that: (i) B to C supplies (whether inter-State or intra-State) with invoice value up to Rs. 2,50,000/- should be uploaded in Table 7. (ii) Table 7A (1) contains gross intra-State supplies (including supplies made through e-commerce operator attracting the collection of tax at source). (iii) Table 7B (1) contains gross inter-State supplies (including supplies made through e-commerce operator attracting the collection of tax at source). Again, the above instruction states nothing about the Intra-State B to C supplies, where invoice value is more than Rs. 2,50,000/-. So, as per the instructions provided in the Appendix-1, it becomes confusing that in which table, we should upload the Intra-State B to C supplies, where invoice value is more than Rs. 2,50,000/-. I request you to kindly help me regarding this issue and Guide me in which table I should upload the Intra-State B to C supplies, whose invoice value is more than Rs. 2,50,000/-. Details of Appendix-1: File Name: Forms Source: CBIC (www.cbic.gov.in) -- GST -- GST Laws, Rules & Rates -- Books -- Form Link: www.cbic.gov.in/resources/htdocs-cbec/gst/Forms.pdf Thank You Pallav Goel

The Builder wants me to pay 12 percent GST on the commercial property. I want to know, I am liable to pay 12 percent of GST or 6 percent of GST on the Commercial Property basic amount. As according to my knowledge, there is a provision of input credit by the government to the builder of 6 percent. This means end consumer that is me should be paying 6 percent as the GST only. Also I want to know GST percentage which I am liable to pay on other charges like electricity meter, floor rise charge, maintenance etc.

45	DGSTX/R/E/20/00087	arpit goel	REQUEST DISPOSED OF (As On 29/04/2020)	I have a query that I have a rice mill and our input is paddy which is gst tax free( exempted goods) whose output is rice and few by-products. Rice is exempt from gst. But one of the by product that is bran (whose output ratio is around 7% meaning 100kg of processed paddy gives output of 7% bran) has Gst rate of 5%. Now rice millers have to purchase Bardana for packaging of rice and its by products. Now Bardana has 18% Gst on it. Now my question is that whether or not we can adjust input Tax credit we receive on bran to that of we get of Bardana purchase.
